

So soon, you learn to accept them.

They are thoughts
you live with.

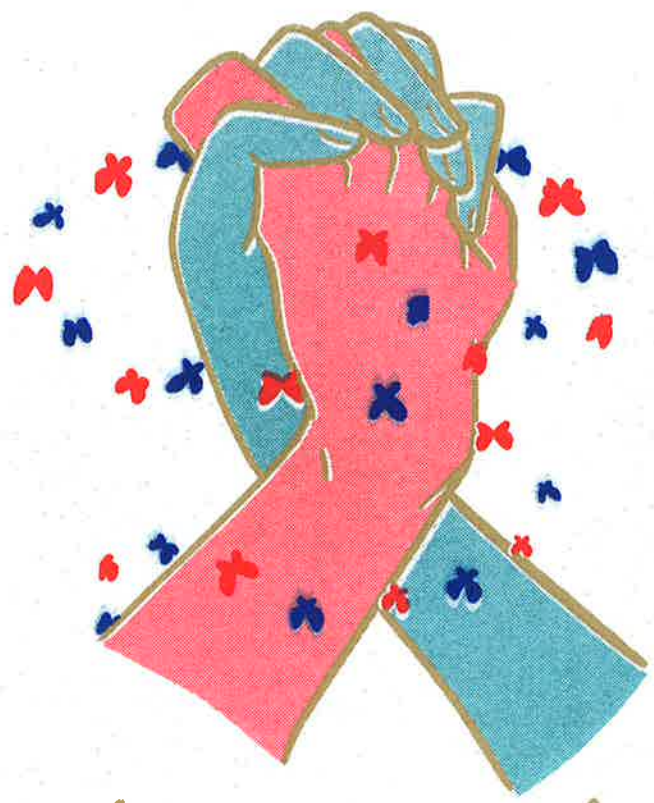

Fuck off

Scary with time.

And they seem less

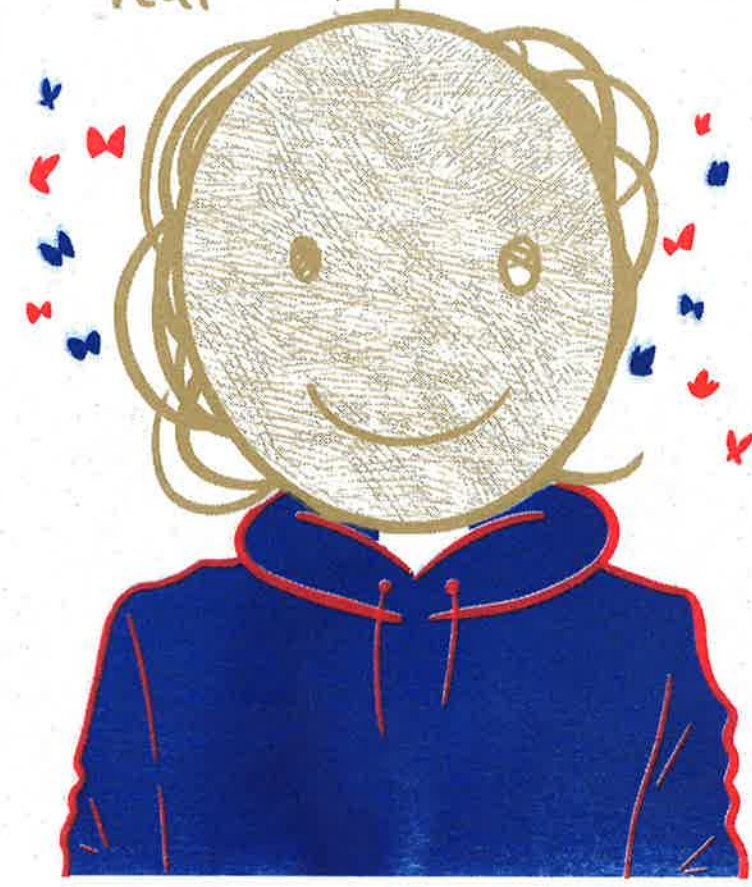

But remember,

they are just
thoughts.

Sometimes, you find people
willing to listen to those thought.

You slowly deny your
real self

And they will help you with
those thoughts...

You are an ass,
but
I appreciate you!

Due.

By annoy the shit out of you
so you don't have time to think
